

Letter of Reference

Rodrigo Fabiano Souza dos Santos worked with the UNICEF supported 100 Friendly Schools Project of the Ministry of Education from June 2005 up to December 2005 as consultant on teacher training. Rodrigo was sponsored by the Brazilian Government under the technical support initiative of CAPES with the Government of Timor Leste.

His responsibilities included the review of the existing teacher training materials, planning of follow up teacher training activities in three districts as well as supporting the national counterpart for teacher training. He also participated in the planning of a capacity development strategy for district level teacher trainers and the development of a national teachers' conference.

Mr. Santos submitted regular progress reports to UNICEF and also worked in close consultation with the Director of the Institute for Continuing Teacher Education under whose supervision the 100 Friendly Schools Project is being implemented.

Yours sincerely,
